To Whom It May Concern;

This letter of recommendation is for BleekerVigesaa General Contractors, Inc. of Brighton, Colorado. Holling Periodontic Clinic is a 3,400+ Square foot dental clinic located at Foxtrail Office Park in McWhinney's Centerra Development at I-25 and Highway 34.

I consider the Holling Periodontics project as successful on many levels. The client placed trust in JoeArchitect to be their design professionals and kept an open mind throughout the design process. They were intimately involved with decisions and provided information for all aspects of their "ideal" dental office.

Just as important, they were equally consistent throughout the construction phase of the project. I had never had a project move as smoothly as it did with this project and I believe it is mostly due to the efforts and organizational skills provided by BleekerVigesaa General Contractors, Inc.

I commend BleekerVigesaa on a job well done. They did an excellent job of communicating throughout the construction process; they met the schedule and stayed within budget. I look forward to the next project with them.

Sincerely,

Thinkh Nguyen
