

BleekerVigesaa General Contractors

Building Your Success!

Project: Liberty Creek Apartments,
Aurora, CO

Owner: Belgarde Enterprises

Architect: EH Fiorino

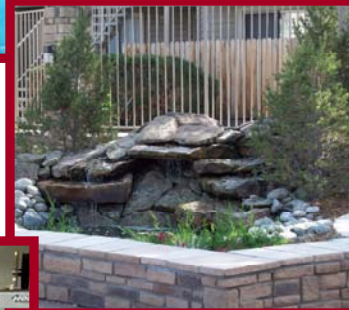

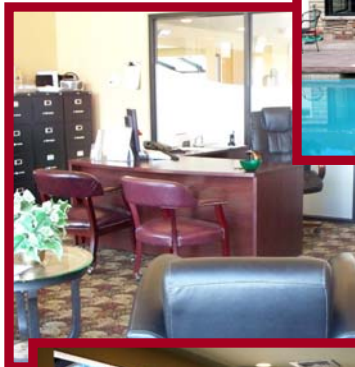

References

"I've had the pleasure of working with BleekerVigesaa General Contractors for the addition and remodel of our new office. The office turned out beautifully and I love it!

One of the many things that impressed me was the way everyone worked as a team and focused on our remodel creating as close to a perfect new office that was possible. Their communication with me throughout the project was excellent.

Needless to say, I am very satisfied with the work performed by BleekerVigesaa General Contractors and I strongly recommend them to anyone who needs office construction work."

*KC Bonnicksen, Manager
Liberty Creek Apartment Homes*

Specifications

- 4,000 sq. foot addition and remodel to existing small office built in the 1980's
- Unique challenge of creating seamless visual flow from old to new
- Completed to owner specifications on time and on budget
- Work included two private offices and a workroom set off of a large reception area with 2 courtesy officer desks and seating for residents and guests. Conjoined with the reception area is a club house with a residents' lounge and kitchen, and a well equipped business center. Adjacent to the office/reception area is a fitness center and health facility with a tanning room and men's and women's restrooms. Outdoor features include a sundeck, barbecue grills, picnic areas and a swimming pool.
